

**RE: AURUM® Resin End Use Restriction**

Dear Customer:

**Military Applications**

In compliance with certain international accords, the Japanese Government's Foreign Exchange and Foreign Trade Law requires that exporters of certain goods certify that such goods will not be used for certain military applications. AURUM® thermoplastic polyimide resin is listed by the Japanese Government as such a Good. To comply with this export control, DuPont requires that all purchasers of AURUM® resin, in any form, certify that the AURUM® they purchase from DuPont will not be used for these military applications and would like to also request you to fill in a questionnaire that confirms the end use of the product.

**Medical Applications**

Additionally, DuPont requires that buyers of DuPont supplied products comply with DuPont policies regarding medical applications.

DuPont requires the following certification to be completed by individuals duly authorized by their companies before DuPont will accept purchases orders for AURUM® resin.

Please fill in the enclosed AURUM® End Use Restriction Form and return completed form to:

Please select one:  Military application  Non- military application

As a customer of Aurum® resin, we request your certification to the following use restrictions:

Please check the boxes below, sign and return to your DuPont representative.

- We certify that the AURUM® resin to be purchased from DuPont will not be used or transferred, resold, exported or diverted to any other person, company or country for use in any application that relates to **nuclear, biological, chemical weapons, or missile weaponry.**
- We have read the DuPont Medical Policy and the DuPont Caution Statement and agree to comply with these.
- We will not use, nor will we sell to customers directly or indirectly, AURUM® resin or any product containing AURUM® resin for medical applications involving implantation in the human body or contact with internal body fluids or tissues unless the AURUM® has been provided from DuPont under a written contract consistent with the DuPont Medical Application Policy.
