EMERGENCY PROCEDURES 24 HOUR ADVICE IN A TRANSPORT EMERGENCY ONLY: 0800 387 668

IF THIS HAPPENS	DO THIS
Tanker/Vehicle Accident	Switch off engine and electrical equipment. Keep people away, warn other traffic. Check for spills, leaks. Call the emergency services: Dial 111
Spill or leak	Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. Eliminate all ignition sources and naked lights. Use non-sparking utensils. Wear full protective clothing and self-contained breathing apparatus. Prevent further spillage. Adsorb spilled product and place in sealable container for disposal. Wash down affected area with water plus detergent. Absorb and collect washings and place in the same sealable container for disposal. If product enters crevices and can not be removed, treat with a sodium hydroxide solution and allow to stand 4 hours. Note: Sodium hydroxide is caustic and causes burns. DO NOT get in eyes, skin or clothing. Seek advice from the local authority regarding disposal.
Fire	Call the Fire Service: Dial 111. Keep non-involved persons away. When fighting fire wear full protective clothing and self-contained breathing apparatus. Prevent fire extinguishing water from contaminating surface water or the ground water system. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations Small Fire: Use dry chemical, CO ₂ , water spray or regular foam. Large Fire: Use water spray, fog or regular foam. DO NOT scatter spilled material with high-pressure water streams. Move containers from fire area if you can do it without risk. If area is heavily exposed to fire and if conditions permit, let fire burn itself out since water may increase the area contaminated.

FIRST AID 24 HOUR ADVICE IN A MEDICAL EMERGENCY ONLY: 0800 111 174

If Swallowed	For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If swallowed, drink 1 or 2 glasses of water and try once or twice to induce vomiting by touching the back of throat with finger. DO NOT induce vomiting if person is conscious. Never give anything by mouth to an unconscious person.
If in Eyes	If easy to do, remove contact lens, if worn. Hold eye open and rinse slowly and gently with water for 15-20 minutes. If eye irritation persists, consult a specialist. Call the National Poisons Centre 0800 POISON (0800 764 766) or doctor for treatment advice.
If on Skin	Take off all contaminated clothing immediately. Rinse skin immediately with plenty of water for 15-20 minutes. Call a the National Poisons Centre 0800 POISON (0800 764 766) or a doctor for treatment advice.
If Inhaled	Remove person to fresh air. If signs/symptoms continue, call the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. Artificial respiration and/or oxygen may be necessary. Call a poison control center or doctor for treatment advice.

STORAGE AND SEGREGATION SUMMARY

Storage: Store in original container in a cool, dry, ventilated place away from direct heat or direct sunlight. Store away from foodstuffs, children and animals. Keep container sealed when not in use.

Aggregate Storage Volume Thresholds: When stored with substances of the same hazard the aggregate quantity must be considered. For full details refer to the current NZS8409 Management of Agrichemicals and the HSNO Regulations.

Location Certificate	Hazardous Atmosphere Zone	Number of Fire Extinguishers	Hazard Class & Emergency Action Signage	Emergency Information	Emergency Plan	Secondary Containment
>100 L in containers >5 L (closed) >250 L in containers ≤5 L (closed) >50 L (open)	100 L (closed) 25 L (decanted) 5 L (open occasionally)	2 for > 250 L	100 L	Any quantity	100 L	100 L
Note: Farms ≥ 4 ha are exempt but with controls.						

DO NOT Store or load with: DG Classes: Hazard classifications: Class 1, 2, 3.2, 4, 5	Segregate from: DG Classes: Food items HSNO Classes: Not required
--	--

Segregation: Check the Land Transport Rule Dangerous Goods 1999, Rule 45001 for additional information. Sea transport may require additional segregation. Refer NZS5433, sea segregation, for details.
